SOLAR LAND LEASING – YOUR QUESTIONS ANSWERED

Green Lantern Solar – Your Partner for Success

Q: How much of my land will be used?

A: Our smallest leases start at 5 acres.

Q: What happens after the lease period?

A: The land is returned and restored to its original state.

Q: Can I sell my land instead of leasing it?

**A: Yes, we also offer options to purchase land.
Ask our team for details.**

Q: Can I still farm or use my land?

A: Yes, we practice agrivoltaics which allows you to use your land while generating solar energy.

Q: Can the lease be passed onto my heirs or family?

A: Yes, the lease is transferable.

Benefits to You and Your Community

- Generate up to \$500,000+ over 40 years
- Predictable income year after year
- Defer rising operating costs
