

A man and a young child are high-fiving in front of a large array of solar panels. The man is kneeling on the right, and the child is standing on the left. They are both smiling. The background is filled with rows of solar panels under a clear sky. The foreground shows some green grass and small white flowers.

Partner with Green Lantern Solar.

- ▶ Predictable income year after year
- ▶ Defer rising operating costs
- ▶ Maintain ownership
- ▶ Land is returned and restored to its original state

Earn a reliable, long-term income by leasing just a portion of your land to Green Lantern Solar. Prefer to sell your land? Ask our team about selling rather than leasing. Act now to secure your spot – only a limited number of solar projects are accepted for development.
